Project # M833-100Trin. LLW#00000

Dear Mrs. Soroka,

General cleaning was performed throughout the above referenced school from December 20, 2001 through January 10, 2002. Trio Asbestos Removal Corp. was the Contractor and Taylor Environmental Group, Inc. performed the aggressive air sampling at the completion of the general claenup.

Based upon the final visual inspection and air sample results, the areas cleaned have met re-occupancy criteria as defined in all applicable federal, state and local regulations.

If you have any questions, or require further information, please do not hesitate to call. I hope we have satisfactorily assisted you in your environmental health concerns.

Sincerely,

Chris McElgun
Project Manager
