GCMS Scan For Unknowns

Other unknown compounds	ug/L	3/20/2002	DLV
-------------------------	------	-----------	-----

The GCMS scan, from 35 to 550 amu, does not reveal the presence of unusual compounds. Recoveries for 9 of 43 compounds in the LCS Standard were above their acceptance ranges, while one was below. This sample was extracted and analyzed twice because the LCS Standard was low the first time. Surrogate Standard recoveries were acceptable both times.

Organics

GCMS Scan For Unknowns

Other unknown compounds

ug/L

3/21/2002

DLV

The GCMS scan, from 35 to 550 amu, does not reveal the presence of unusual compounds. Recoveries for 9 of 43 compounds in the LCS Standard were above their acceptance ranges, while one was below. This sample was extracted and analyzed twice because the LCS Standard was low the first time. Surrogate Standard recoveries were acceptable both times.
