Dear Sir/ Madam:

In September 2001, the New York City Department and Environmental Protection (NYC DEP) and the Department of Health (NYC DOH) advised building owners regarding building maintenance and re-occupancy issues following the collapse of the World Trade Center. The steps included the professional assessment of building contamination for possible hazardous components, including asbestos, and a retrospective filing, as required, if applicable.

The NYC DEP is hereby requesting copies of the environmental hazard assessments including bulk sample results and air monitoring results and a summary of clean-up activities at the above referenced site. Please forward the requested documents to our offices within **FIVE BUSINESS DAYS**. They may be faxed to (718) 595-3744 or sent to the NYC DEP Asbestos Control Program at 59-17 Junction Boulevard, 8th floor, Corona, New York 11373-5108.

Please be advised building owners are responsible for the cleaning of building exteriors, grounds, and common areas. Adherence to proper cleaning methods is important for the protection of public health and the environment. DEP inspectors will be following up on this matter.

If you have any questions, you may reach the Department at (718) 595-3682 during office hours or the 24-hour Help Center at (718) DEP-HELP. DEP staff is available to provide guidance and technical assistance.

Sincerely,

77 Water Street – Exhaust Louvers
EMTEQUE Corporation Project No. 010488

Dear Mr. Barriero,

EMTEQUE Corporation has been retained to collect bulk samples of the dust associated with the rooftop exhaust louvers from 77 Water Street, New York, NY. Based on a visual inspection, which was performed on April 25, 2002 by EMTEQUE's Certified Asbestos Investigator, Mr. Michael Porter, no suspect asbestos debris was noted associated with the fan systems. On this basis, bulk samples were not collected.

Should you have any questions or require additional clarification, please feel free to contact me at your earliest convenience.

Sincerely,

Eric Telemaque
President
