Dear Sir/Madam:

We received a DEP notice dated May 1, 2002 regarding the assessment of environmental conditions after the events of Sept. 11, 2001. This is the first and only request for assessment we have received.

Residents in our area did not relocate and took no debris or ash on or after 9/11. As a result, we have taken no action.

I have spoken with an associate of Mr. Radhakrishnan, who requested we report the above.

Sincerely, H.S. Lee
