Penny,

I have passed this information on to our two lab directors and they will have some answers for me either later today or tomorrow at the latest. I also spoke with Chuck and I am going to give him Fred Usbecks Telephone number so they can discuss the issue at hand to see if we can rectify the reporting problem. Fred is the Lab director For PSC, PSC analyzed both the PAH wipes and The Dioxin wipes. I also have some good news the Dioxin Sample results are in. I will send that to you ASAP.

P.S. Thank you for the RAT infestation warning I passed that on to the our Techs and Monitors.

Thank you
