Subject: Re: 114 Liberty Street

Dear Penny,

You're really doing a wonderful job of keeping track of so many things.

In response to some of your issues;

The backslashes have been removed (your #4).

The chandeirs are being removed (your #5).

The stone in the lobby is like that in the bathrooms. The building would prefer it to be saved. The cleaners are free to remove the sheetrock above the stone and aerate or vacuum behind. An access opening has been prepared for the contractor to meet his project design needs (your #6).

Very Truly Yours,

Christopher Warnick, RA
