Penny: Please add to our save list the following items:

Paint cans in the washer/dryer closet
Stove
Tea kettle
2 metal stepstools
Bakers rack in hall closet

That should be it. Sorry for the 2 e-mails.

Steven

Subject: 114 Liberty Street

The cleaning will commence on Saturday, March 8, 2003.

This will give everyone one more day to finish up before access to the building is restricted.

As you are aware, the contractors are in the building, they have mobilized equipment, inspected the areas, planned their schedules, and are ready to proceed. The environmental consultant, JLC, has completed the required pre-cleanup sampling. ETS will continue with preparation activities tomorrow for the start of the cleaning activities on Saturday. Please note with the installation of the decontamination enclosure systems, the workers are required to wear personal protective equipment.... so you may see workers with white coveralls and respirators.

Again, the cleaning activities will not begin until Saturday, March 8, 2003.
