PII

met me with a dust mask over her face. She informed me that there are 4 carcinogens in the air. Her apartment was extremely dirty (not WTC related) clothes + paper were scattered every where. I did not see any WTC debris in the apt. Some floor boards were also missing. PII was unable to show me WTC debris. She kept talking about policies of various agencies. She also produced results of air testing which show No ACM in apartment.
