Re: TRU0122MN03
ACP7 Correction

Dear Mr. Radhakrishnan,

Pursuant to our telephone conversation earlier this day, please amend the above referenced ACP7 to include the corrected address of 300 Albany Street, Apartment 5I, not 300 Rector Place.

Also please amend the quantity of suspect WTC dust to 30 square feet. This will include the surfaces of the 3 HVAC units that were removed from their sleeves by the Red Cross.

Thank you for your attention to this matter.

Please feel free to contact me if you have any questions.

Very Truly Yours,

John A. Tancredi
Division Manager
