Mr. R. Radhakrishnan, P.E.
Director
Asbestos Control Program
NYC Department of Environmental Protection
59-17 Junction Boulevard, Eighth Floor
Corona, NY 11373-5108

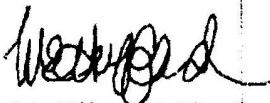

Dear Mr. Radhadrishnan:

In response to your letter dated April 13th, 2002 regarding debris found on the roof of 131-135 Duane Street, Duane Street Realty, LLC maintains that our roof does not have any debris leftover from the World Trade Center attacks. The only materials that can be found on the roof are construction materials that are ours (i.e. pipes).

We are located seven blocks north of the World Trade Centers and thus were not structurally affected, internally or externally, by the buildings collapse. We only had dust on the exterior sidewalk that was removed days after the attack.

Should you have any further questions or concerns, please contact M. Ellen Huffard at (212) 621-9735. In addition, please note that all notices or letters should be sent to our mailing address of 51 MacDougal Street, Suite 286, New York, NY 10012, *not* to 131 Duane Street itself.

Sincerely,

M. Ellen Huffard
