ATT : Krish Radhakrishnan
Department Environmental Protection

Dear Mr. Radhakrishnan:

Due to the fact that blue prints are not available, we must be prepared to conduct extensive preliminary research. In order for us to get into some apartments and certain areas, consultations must be arranged with key people, such as, site managers, maintenance officials, and contractors.

All duct work will be video taped and we will explain where all duct work is going to be as long as we can get into some apartments.

The total sum to do this work is \$150.00 per hour.

Sincerely,

Y

Frank Troetti
