Kathy,

We will be attending the 1 p.m. meeting today. Also, I think there was some misunderstanding in our e-mails. My last e-mail was referring to 250 South End Avenue only. As stated, Quads B,C and D can continue inspection from the outside perimeter in.

Thanks,

Mike

michael, we will abide by your hold on any further HVAC inspections at this point. 250 south end will not be done in advance of our resolving an HVAC approach. will inform you of work schedule implications. we can talk tomorrow on the action plan. i have read it and have questions. as bob is in the city tomorrow morning, can we meet in the afternoon? after 1 pm will work for me. please let me or dore know. thanks. kc

 PM

Kathy, we would like to conduct all inspections from today on following the action plan shared earlier today. Bob would like to implement the action plan ASAP.
