HVAC_CHECKLIST_ Guidance for
 sent to EPA_rev... Evaluation Form...

krish, hi! here is the latest version of the new HVAC checklist and the directions for completing it. ray was not able to forward it to you from his home. as i discussed with bob a. we would like to meet with you and your expert (i'm sorry i am not recalling his name right now...) to go over the checklist and what we want to say to the contractors to brief them on how to implement. can you make it on monday at 10 am? ray and staff will be there. we can then decide when to bring in the contractors.

let me know if this is a problem. we are all anxious to get the direction for the future set up, i know. thanks. call if you have questions; i am in for a few more hours. kathy
