Subject: HVAC meeting tomorrow

Bob- I am sorry to hear you and your team will not be able to join us tomorrow for our scheduled meeting on HVAC issues. We have two contractors coming from Boston and Syracuse and it is too late for me to change their travel arrangements. Therefore, I am going to go ahead and meet with them and develop our options for the meeting we have scheduled with FEMA on Thursday the 14th. I hope to be able to resolve all of the outstanding issues then. Talk to you soon, Kathy.
