

Indoor Air Residential Assistance Program
Monitoring Contract Scope of Work
DRAFT - 7/10/02

A. Introduction

All work performed under this contract must be in compliance with all applicable, relevant, and appropriate regulations and this Scope of Work, including but not limited to those of the United States Environmental Protection Agency (EPA), the United States Department of Labor Occupational Safety and Health Administration (OSHA), the New York State Department of Labor (NYSDOL), the New York State Department of Health Environmental Laboratory Approval Program (ELAP) and the New York City Department of Environmental Protection (NYCDEP).

The USEPA and DEP will solicit participation in a direct assistance program for residents and residential building owners south of Canal Street who are concerned that their apartments may have debris/dust from the collapse of the World Trade Center (WTC). A DEP/USEPA telephone hotline has been established to receive requests from the public. The assistance will include various options, including the cleaning within apartments and common spaces by licensed asbestos contractors with follow-up asbestos sampling, asbestos air sampling only, and providing high efficiency particulate air (HEPA) vacuums.

NYS DOL licensed asbestos contractors shall perform clean-up activities for residents who wish to have their homes cleaned.

The purpose of this contract is to acquire project monitoring services including site inspections, surveys and assessments, scheduling, coordinating and monitoring the clean-up of dust/debris, and collecting samples from building apartments impacted by the collapse of the World Trade Center.

B. Roles and Responsibilities

The USEPA has overall responsibility for insuring that work conducted as part of the Indoor Air Residential Assistance Program is completed safely, efficiently and in a compliance with the Scope of Work. As such, EPA shall have the following authorities relating to work conducted under this contract:

1. The authority to stop work for health and safety reasons or for non-compliance with the Scope of Work.
2. The authority to direct the contractor in the performance of the work.
3. The authority to review and approve or disapprove of the qualifications of all contractor personnel involved in the work.
4. The right to receive, inspect and accept or reject any work.
