I left you a phone message regarding this. I do not know what Nancy means when she says "...who would make sure mold issues are addressed." We have been working under the operating principle that NYCDOH is the responsible party for ensuring that appropriate mold remediation takes place, if necessary. We have no regulatory authority or expertise in this area. Will you please clarify this with Nancy. Thanks.

I hope you find them helpful. If you have any questions, please feel free to call me at 212-788-4290.
