

27A

Agenda for 2/21 Indoor Air Working Group Meeting

- 1:00 - 1:15 Introductions/Charge to the Group. Kathy Callahan
- 1:15 - 1:45 Status of current activities.
ATSDR/NYCDOH effort ATSDR
EPA/NYCDEP effort EPA- Region 2
- 1:45 - 2:00 Presentation of Senator Clinton's and FEMA's Requests for Action. Kathy
- 2:00 - 4:00 Development of Outline of Proposal for Action. Group, led by Kathy

Elements for Discussion:

1. Sampling Approach
Inventory versus Inspections
Options: Building by Building, impact radius, apartments, commercial buildings, schools
2. Definition of Sampling Plan and Sampling Objectives
Options: Uncleaned buildings only, based on requests by public, post-cleaning only
Parameters: asbestos, fibrous glass, silica, pH, metals?
3. Need for a Cleaning Plan
Options: Requiring owners, versus agency, state, or city-led cleaning vs. requests by public
Assessment: Use of screening criteria to designate "clean", risk factors
4. Establishment of Clearinghouse for Information on Status of Cleaning of Buildings and Guidance on Cleaning Approaches
5. Public Information Campaign/Notifications Protocol
6. Ranges of Costs for Sampling, Cleanup, and Monitoring
Indoor vs. Outdoor?
7. Resource Needs/Responsible Agencies
8. Schedule - Triage Approach

- 4:00 - 4:30 Next Steps/Assignments
