 To All Memebers of the LMAQTF;

I would like to thank the members of the Task Force for all of your efforts and hard work over the past few months.

With the majority of the funding having been requested and the course of action generally agreed upon, there is no longer a necessity to keep the OEM Task Force consitituted as an entity with regular meetings. With DEP and EPA taking the lead on the clean-up, DOH looking at the health aspects, and a Lower Manhattan communications plan nearing completion, we have accomplished our objectives.

As you know the meeting for today was cancelled and there will be no future meetings of the OEM Task Force.

Of course, OEM is always available to assist you so please feel free to contact me at any time.

Again, I would like to thank you for your hard work and dedication.

With appreciation,

.....
 S. Benson
