air quality indicators
memo.do...

Attached please find a memo from Laurel on potential indicators for the Task Force. Please be prepared to discuss on Wednesday, or send comments directly to Laurel.

As per our discussion from last week, I have written up a brief memo outlining the list of potential indicators. I would appreciate it if you could forward it to the list. Unfortunately I will not be able to join you for this week's meeting, but I will ask Rich Wager to attend in my absence to collect feedback on the list. I also welcome feedback over email (and in some cases, that might be easier).
