ATSDR/NYCDOH effort ATSDR
EPA/NYCDEP effort EPA- Region 2

1:45 - 2:00 Presentation of Senator Clinton's and FEMA's Requests for Action. Kathy

2:00 - 4:00 Development of Outline of Proposal for Action. Group, led by Kathy

Elements for Discussion:

1. Sampling Approach
   Inventory versus Inspections
   Options: Building by Building, impact radius, apartments, commercial buildings, schools

2. Definition of Sampling Plan and Sampling Objectives
   Options: Uncleaned buildings only, based on requests by public, post-cleaning only
   Parameters: asbestos, fibrous glass, silica, pH, metals?

3. Need for a Cleaning Plan
   Options: Requiring owners, versus agency, state, or city-led cleaning vs. requests by public
   Assessment: Use of screening criteria to designate "clean", risk factors

4. Establishment of Clearinghouse for Information on Status of Cleaning of Buildings and Guidance on Cleaning Approaches

5. Public Information Campaign/Notifications Protocol

6. Ranges of Costs for Sampling, Cleanup, and Monitoring
   Indoor vs. Outdoor?

7. Resource Needs/Responsible Agencies

8. Schedule - Triage Approach

4:00 - 4:30 Next Steps/Assignments
