Launch effort on Mon. 9/11/02 - 6 mon. on air.

* Capture the reason for the call.

Dr. Vin Coluccio - Resource

Start date (?) Work Date (?) Time (?)

need to
ck

Al Smith House -
CK Libraries

R Hays -

W. Jeffrey

Absorb + Drinking Water Issues -

Pm spoke - (any pm to do)

Ms. Drew Chase)

Acute vs. chronic

Dental, Inhalation, Eyes etc

Dose -

Occupational Exposure - Inhalation = OSHA

Absorbing particulate matter, -

Re Oals, Particulate matter, Fiber

↓

Lead

Chromium

Mercury

PM 2.5 fine

Ph to mercury
in dusts.

Absorb - mixed fiber
fiber glass - inhalation
as much of an irritant
effect -

Diff. severity levels - Watch for chronic
health effects -

DOM - Data Analysis -

Restricted Zone — Works near protective equipment

65 micrograms per cu. m. level of concern for good pop
40 " " " " " " " " for elderly

[Henry the 6th May 13 mag]

290 Bway - 16th Flr.

Bun. of tabs - fills Naby
26th ch app. Bellevue

Benzene - layers not found

Chris - D'Andrea

60 qts

Sampling method — PCM — How many guided fibers at a length greater than 5 microns

ATHERATEM - done if we exceeded reoccupancy standards - (does address issue of shorter fibers -

Dust Samples - About 5% with Asbestos less than .01% (enforcement level)

* Could pore a micr with dust with a lbf at 0.014%

4

Fiberglass - how to clean the dust-

Reduce dust from ge dry w/d opt.
Wet cloth + mop - HEPA vacuum.

51 Chambers Disaster Asst. Ctr.
131 Worth St.
