**Subject:** list of WTC research

Attached please find the latest draft of WTC research of which NYCDOH is aware. This list was prepared by Kathryn Tannert Niang, under the direction of Rose Gasner (Office of Planning and Program Implementation) We are awaiting additional details on a number of projects; however, this list provides an overview of completed, current and proposed research projects from the NY metropolitan area and includes several studies from California, Boston/New England, Washington, DC and one international collaboration.

The inventory is formatted in 2 sections. The first section includes info source, research focus, design of study, title, and sponsoring institution, and it runs to page 15. The second section with correspondig code numbers begins on the 16<sup>th</sup> page. The second section includes principal investigator, population studied, sample size, funding source, IRB approval, methods and status. The lists can be used side by side.

If you have any additions, questions or comments, please contact Kathy at ([ktannert@health.nyc.gov](mailto:ktannert@health.nyc.gov)). A data collection form is also attached which can be used to submit additions to the list.

Please forward, and copy me on your forwards as I'm still assembling a list of email addresses for WTC-related communications.

**Information Request for WTC Research Inventory**

*Please provide information pertaining to any current or planned study involving populations affected by the WTC disaster on September 11, 2001 for the following categories. Please use a separate form for each study described.*

Research topic/focus:

Research title or description:

Principal investigators/co-investigators:

Sponsoring institution(s):

Populations studied:

Study design:

Sample size:

Study methods:

Funding sources:

Amount of funding:

IRBs requiring review:

IRB approval: (yes / no / pending)

Current status/phase of research:

Contact information for study PI:

---

Please forward this information by email to [ktannert@health.nyc.gov](mailto:ktannert@health.nyc.gov)

Or by fax to: 212-941-2218

Or by mail to: Kathryn Tannert Niang, MPH  
Office of Planning and Program Implementation  
New York City Department of Health  
125 Worth Street, CN-82  
New York, NY 10013

If you have any questions or comments regarding this WTC research inventory, please call Rose Gasner, JD at 212-295-5311 or Kathryn Tannert Niang at 212-227-3244.
