

- Review of sampling data submitted by building owners & ongoing. The results are

Bulk samples collected 1,478

Positive Bulk Samples 105 (greater than 1%)

Air Samples collected

Phase Contrast Microscopy(PCM)	74,459
--------------------------------	--------

Positive PCM sample results	761
-----------------------------	-----

Transmission Electron Microscopy(TEM)	35,438
---------------------------------------	--------

Positive TEM sample results	105
-----------------------------	-----
