

A. Scope of Work**NYCDEP Ambient Air Sampling**

	Name of School	Location	Type
1.	High School for Economics & Finance	Between 90 & 100 Trinity Place	Ambient
2.	IS 89	201 Warren Street	Ambient
3.	PS 234	292 Greenwich Street	Ambient
4.	Stuyvesant High School	345 Chambers Street	Ambient

1. Continuous sampling for 8 hours at street level. The exact location will be identified by the NYCDEP on the first day of sampling. Periodic examination of filters to ensure filter does not become overloaded. (Flow rate at 2.5 liters/minute; Minimum sampling volume 1200 liters.)
2. Sample analysis utilizing PCM NIOSH 7400 method. Any levels found to be above 0.01 f/cc must be read utilizing AHERA method.
3. Sampling at the above locations to commence on October 15, 2001.
4. The PCM results shall be faxed to the NYC DEP (fax 718 595- 3744) by 9:00 a.m. the day after sample collection. The TEM results shall be faxed to the NYCDEP within 12 hours of the PCM results.
5. Sampling shall continue daily until notification by the NYC DEP to terminate sampling.
6. NYCDEP contact information as follows: R. Radhakrishnan (718) 595-3718
Penny Theodorellys (718) 595-3657

New York City Department of Environmental Protection

Asbestos Control Program

The NYC DEP does not provide recommendations or referrals. The following list was compiled from the asbestos project notification database. The list contains contractors who have performed ten (10) or more large asbestos abatement projects in the City of New York since January 1, 2001. Violation histories may be obtained within 48-72 hours by faxing a request to (718) 595-3749. A complete list of licensed contractors is available by contacting the NYS DOL.
