Surrowicz, Alessandra**Subject:** Lower Manhattan and EPA - Urgent

2002-0301

Commissioner:

Welcome! Enjoy your first day. I have yet another issue to add to your priorities list. You have been delegated as the one who tells EPA outright and clearly that they are in charge of indoor air and that the City only has a supporting role. Therefore, we are looking to you to talk to Kenny about this as soon as possible. Having said that we - OEM, MOEC, DOH and DEP staff - need to brief you on the latest status of the issues, including the WTC cars, exteriors, and contaminants of concern. We will be glad to come see you to give you a quick update. The urgency of this matter is not only to give every body clear direction, but we have been directed by Intergovernmental that the agencies should testify at Sheldon Silver's Assembly hearing on April 12th. Therefore, our respective roles need to be made clear, or EPA may once again, jump ahead of themselves and us.

Susan Kupferman would like to discuss this with you as well before you speak to Kenny.

I look forward to talking and working with you. Please do not ever hesitate to call me or my office to assist you in any way we can.

Thanks, Alessandra
