Subject: May 22nd Mayors Meeting

Commissioner Ward:

I just spoke with Laurel Bletcherford from Deputy Mayor Doctoroff's office, and I just wanted to give you a little more information on this meeting next Wednesday. The primary objective of the meeting is to indicate the City's commitment to making Lower Manhattan a world-class business district. The Mayor, yourself, and other City agency heads will be presenting Lower Manhattan status updates to 14 CEOs of large downtown firms.

We feel the majority of the 1.5 hour meeting will be devoted to Q and A so each agency presentation need only be 5 minutes. We would appreciate it if you could come up with 4 or 5 bullet points that we could put into a PowerPoint presentation for this meeting. (you can email them to me) concerning Air-Quality issues for Lower Manhattan, particularly ones that may be relevant to the corporate community. Laurel mentioned, that you may want to discuss the DEP report that came out last week. The DOH will cover non-air quality related health issues. We are hoping to get a draft together by the end of the day tomorrow, sorry for the short notice, and thank you very much. I have attached a draft presentation from the DOT so you get an idea of the level of detail we are looking for. Please call with any questions 212.312.3811. Thanks.
