**Subject:** Meeting re Lower Manhattan cleanup

Karen,

As per our conversation this AM its very important that we schedule a meeting ASAP (Senator Clinton, Chris Ward, you and myself) to bring closure to the Lower Manhattan cleanup/testing issues. The way this is presented is extremely sensitive with much at stake. We have an opportunity to collectively bring back legitimate confidence to the people in the area. Unfortunately, if mishandled, it could result in a nightmare driven by misguided perception issues by those less responsible.

Please advise.

Thanks,

Bob

As per the message that was left with your office, there will be a meeting on 8/14 at 5:30 p.m. with the Lower Manhattan Development Corp. regarding air quality. DEP and EPA are attending and Laurel Blatchford from the D/M Office asked if we would invite DOH also.

Thank you all for calling last night to discuss this issue, and I'm sorry that I missed your call. As it turns out, I had a good chat with Bob Avaltroni of DEP last night, and we came up with some ideas for how to structure the meeting in as constructive a manner as possible.

Bob confirmed that Cathy Callahan from the EPA will be there, as will he. He will also confirm with Jim Miller from the Dept of Health. Bob thought the following agenda made sense:

- 1) DEP presentation on progress of exterior cleaning - with Q&As limited to 10 mins
- 2) EPA presentation on proposed interior cleaning program (this is due to launch in early Sept, although I am not sure we should commit to that publicly) - with Q&As limited to 10 mins

Also, we need to decide who will facilitate the meeting.

Let's touch base later today or tomorrow on this. Hope these thoughts are helpful.

best,  
Laurel
