Dear Commissioner Doherty:

This letter is to request that you suspend the planned release from the Fresh Kills Landfill of motor vehicles that were affected by dust from the collapse of the World Trade Center (WTC), and which have been stored at the landfill since shortly after September 11.

We request that you suspend release of any such vehicles until we can discuss their appropriate disposition. We will be available to initiate such discussions early next week.

Sincerely yours,

**Jane M. Kenny
Regional Administrator**

Hon. Jane M. Kenny
Administrator, Region II
United States Environmental Protection Agency
290 Broadway
New York, New York 10007

Dear Ms. Kenny:

I am pleased that the NYC Department of Environmental Protection (NYCDEP) was able to provide the US Environmental Protection Agency (USEPA) with assistance in the procurement process related to your Interior Clean-up Program due to commence on September 3, 2002.

I am deeply concerned however that commitments made by USEPA concerning relocation of residents and replacement of furniture through the American Red Cross now seem to be in jeopardy. It had been our understanding, and that of the Federal Emergency Management Agency (FEMA), that all issues concerning funding and implementation had been resolved, so that relocation and replacement could move ahead. This is critical to ensuring that the Interior Clean-up Program can proceed on schedule.

I know you agree that maintaining the confidence of residents and community groups is key to our work in helping to restore the economic and social vitality of Lower Manhattan. As such, it is imperative that we be prepared to fully honor commitments made to that community. I therefore ask you to quickly resolve any differences with the Red Cross, and any questions concerning program funding or eligibility.

As always, if we can be of assistance to you in your efforts with respect to these or any other issues, please do not hesitate to contact me.

Sincerely,

Christopher O. Ward / nyc
