Dear Mary,

This letter is to confirm that Red Cross will provide financial assistance to Lower Manhattan residents who choose to have their apartments cleaned by EPA or one of its contractors. This financial assistance will be provided to defray costs for temporary accommodations to residents with financial need who may need to leave their homes during the cleaning or testing process.

We encourage residents with financial need who need to be away from their homes during the cleanup to contact us at 877-746-4987 to discuss arrangements for securing or paying for temporary accommodations.

Please feel free to contact me with any questions about this service.

Best regards,
