Dear Mr. Logue,

Your correspondence was referred to the Department of Environmental Protection for response. Our records indicate you had entered a request for indoor air testing for your building 41 River Terrace, Manhattan.

As you are probably aware, the USEPA has established a hotline and web site for indoor testing and cleaning. You can register for the cleaning and/or testing by electronically submitting your request. Although attempts have been made to compile previously submitted information, you should complete the USEPA registration form to ensure inclusion in this program.

Please refer to the USEPA web site for more information or you may call the hotline number at (877) 796-5471.

Message: Dear Joe Miele,

I am worry about the air and water in my apartment. Lately I have been complaining with my chest pain. America Red Cross finally gave me a free AIR CLEANER FROM HONEYWELL. Hoping I will get a vacuum cleaner as well. I was surprise your department have not come forward to my apartment to inspect the air and water. My apartment is facing north on Hudson River. I can see the WTC waste material dump into the barge. But the dust is still coming to my window. My apartment is on the 6th Floor. I would be very happy if you can send an investigators to inspect my apartment. Please help me with this manner.

Looking forward hearing you soon.

Regards,
