We already closed this correspondence. I looked into his complaint when it had originally come in. The first inspection was scheduled and the caller denied the inspector access. He then rescheduled and was on site with our inspector. No further action.

Dear Mr. Wu:

An asbestos investigator must be certified by the New York City Department of Environmental Protection. The requirements for obtaining certification are in Title 15, Chapter 1 of the Rules of the City of New York Section 1-16, the asbestos rules. Message: Dear Commissioner Ward,

I cannot believe that the DEP has stood me up for a second time on an appointment to inspect a building, the exterior of which is filthy with debris from 9/11.

Even after requiring a 90 minute window for each scheduled appointment, your department neither shows up, nor finds itself able to call and inform me?

It's no wonder citizens have no faith in your agency!

Very truly yours,

PII
