Dear Ms. Menotti,

Your correspondence was forwarded to the Department of Environmental Protection for response. The following is the site information you requested:

Site 6A is located at the west end of Warren Street which is also the intersection of Warren Street and River Terrace. Site 8A is located on River Terrace between Warren Street and Park Place.

Jane-

I think the samples from our web site at that location would be the samples HazMat was overseeing and Barbara was having put on the web. I'll forward the message to Barbara and see if that is true.

Penny

Barbara-

Is this one of yours? Let me know if it's not, and I'll try to track them down.

Thanks
Penny

Message: I'm doing some research on the air samples that were taken in Lower Manhattan after the terrorist attacks on 9/11/01. On you webpage for the air monitoring results, Sites 6A & 8A are both entered as River Terrace Park Area Between Park Place and Warren. This does not match the intro list which has Site 6A listed as the West End of Warren Street. Can you please verify what the correct locations for Sites 6A and 8A are?

Thank you for your assistance.
Maria Menotti
