Jane, I spoke to this caller via telephone number provided earlier today. I explained the qualification requirements and reviewed her company records with her. I also told her I would keep her information on file. You can close this one out. Thanks.

Message: We are a real estate environmental consultant company that provides air monitoring and ACM testing. How do we get involved in the clean up of downtown Manhattan. We have already provided clean up and monitoring for both commercial and residential buildings downtown. How do we get involved with the EPA's efforts and get listed on the web site? Thank you.
