RE: WTC Health Registry

Attached is a memo I received from Zoe Ann Campbell, concerning the establishment of a WTC Health Registry by the NYC Department of Health and Mental Hygiene. This is a voluntary program intended to collect health data on people who lived, worked or attended school near the WTC site, and were exposed to smoke, dust or debris from the collapse of the World Trade Center.

The first page of Zoe Ann's memo indicates the categories of persons who would be covered by the Registry. If you fall into one of these categories and wish to participate, a WTC Registry Form is also attached and should be completed and returned to Herb Roth by September 30th.

If you have any questions about this program, please feel free to call Zoe Ann Campbell for further information.
