March 31, 2003 was the completion of the contract with the only remaining contractor. We had extended one of the contracts to complete remaining work. The other two contracts closed earlier. The last remaining ledge in this clean up program was completed on March 26, 2003.

Let me know if you need anything else.

Will do. Thanks so much for staying on this. One question: On what day did the clean up officially draw to a close?

Jon

Done!

1073 Inspected
221 Buildings Cleaned by DEP Contractors
102 Cleaned by Owner

I'll get the square footage over to you as soon as possible. Thanks.

Hope all is well.

We would like to run an update on this piece on LowerManhattan.info to coincide with the wrap-up of the DEP cleanup. Bob has given this his okay. Can you guys give me a heads-up when the program draws to a close and provide the final tally in terms of buildings cleaned, square footage, etc. when it does?

Thanks.

Jon
