Chuck- Did the pre-PAH and pre-dioxin wipe samples meet the clearance requirements? Also do you agree that the lead wipes indicate clearance was achieved, and with the interpretation on the asbestos?

The clearance samples for 5, 7, 8, 9, and 10 (after re-cleaned) are due in today. I'll forward them as soon as I get them.

 Julius,

Thank you for the file containing the dioxin results. I looked at the contents and the information provided, as well as the format, is acceptable.

Thanks,
