Subject: RE: Bidders List

Thanks for the information. I want to let you know that Safeway Env. will under no circumstances be allowed in our building. They are responsible for a theft when they went through the building the last time, and they have not responded to my requests for reimbursement.

Thank you,
 Dave Stanke
 114 Liberty Street.

As per your conversation with Mike Gilsenan, the following is a list of firms which bid on the cleaning contract for 125 Cedar Street.

- Fiber Control, Inc.
- Kiss Construction
- LVI Environmental Services, Inc.
- Pinnacle Environmental Corp.
- Safeway Environmental Corp
- Trio Asbestos Removal Corp.
- Benjamin Kurzban & Son Control, Inc.

If you require any additional information, please let us know.

Denise,

As a follow up to our conversation this past Tuesday, (August 20
 cleaning Scope of Work and HVAC Scope of Work. The air monitoring Scope of Work is attached to this e-mail. FYI these scopes are identical (except for the HVAC) to the scopes developed for 125 Cedar Street. ie

An important thing to consider is that, 125 Cedar has never been professionally cleaned. You should also know that the scopes of work have had input from the USEPA and finally have been reviewed and approved by USEPA. I would appreciate your sharing this information along with the scopes with the board members ASAP. As discussed, you and the board members can e-mail comments to Penny Theodorellys, Deputy Director of the Asbestos Control Program, at PennyT@dep.nyc.gov. We will start the bidding process the week of September 3, so that we can start cleaning immediately upon the selection of a contractor. I'm hopeful that the people of 114 Liberty see our commitment to making their lives in Lower Manhattan productive and pleasurable. I will be on vacation next week. Should you need to speak to someone while I'm away, you can contact Bob Avaltroni, Deputy Commissioner of DEP's Bureau of Environmental Compliance at (718) 595-3657 or Penny Theodorellys at (718) 595-3657.

Thanks again for your help.
