<< Dave,

It is extremely important that I have the lists by 11 AM on Monday for the pre-bid as discussed previously.

Michael,

I hope you got my message on Friday. I was aware that the lists were needed, but thought they were needed before work commenced, not before bidding was completed. I also planned to discuss these items at the meeting on Wednesday, which was postponed by the weather. Many things have been delayed by the weather, and I believe we should move all schedules back one week. That way, we can discuss it with everyone on Wednesday and provide lists a week from Monday. We have been scrambling to get ready in time, but I don't believe it is possible at this time. Give me a call.
Dave
