Today's Update

We are ready to go tomorrow morning. We have only received lists from three residents.

As discussed-

Residents who do not supply lists and/or instructions will be cleaned strictly in accordance with the scope-of-work. The tagging will be used by ETS as best possible. If any items are not clearly identifiable for disposal, they shall be cleaned to the best of our ability and will remain in the residence. Porous items/intricate items, etc. shall be cleaned as best as possible and wrapped in polyethylene.

Based on today's observations, the wall markings are not in accordance with the plans submitted to the Department. Therefore, the contractor has been instructed that only walls that are **marked on the walls with the green paint** for removal shall be removed. All other walls shall remain. There is one exception and that is on the 11th and 12th floors where the walls shall be removed in accordance with the plans.

Reminder to Residents-

If you haven't done so, please get your paperwork in order and submitted by close of business today.
Thanks.

The cleaning will commence on Saturday, March 8, 2003.

This will give everyone one more day to finish up before access to the building is restricted.

As you are aware, the contractors are in the building, they have mobilized equipment, inspected the areas, planned their schedules, and are ready to proceed. The environmental consultant, JLC, has completed the required pre-cleanup sampling. ETS will continue with preparation activities tomorrow for the start of the cleaning activities on Saturday. Please note with the installation of the decontamination enclosure systems, the workers are required to wear personal protective equipment.... so you may see workers with white coveralls and respirators.

Again, the cleaning activities will not begin until Saturday, March 8, 2003.

Here's where we are this morning.

The DEP has received the cleaning request forms from:

- Condominium Unit 302 (3rd Floor), 4 (fax copy), 5, 6, 7, 8, 9th, 10, PH (fax copy)
- The authorized representative of 114 Liberty Condominium for the cleaning of the common spaces.
- Commercial Spaces (fax copy)

We still need some originals.

We completed the Saturday, March 1, 2003 walk-through inspections at the 5th Floor, 3rd Floor apartment, and the 9th Floor. We received the listing of items from the 3rd floor apartment.

The schedule for Wednesday is as follows:

Wednesday, March 5, 2003

9:00 a.m.	11/12 th Floor
10:00 a.m.	8 th Floor
10:30 a.m.	6 th Floor
11:00 a.m.	10 th Floor
11:30 a.m.	ground floor
12:00 noon	4 th floor
12:30 p.m.	_____

The marking of the walls that are being removed need to be completed and we need the listing of items (which I am not expecting to be finalized until after the walk through inspections on Wednesday). The Department will only need the final list (please don't send me the drafts), but everyone should be working on his/her list.
