Chris,

I have spoken to Charlie this morning concerning 125 Cedar Street. Charlie had spoken to Mike about doing a story with NBC. I told Charlie this is not a good idea. The owner and tenants are jockeying for position on a host of issues making a camera crew in that environment unpredictable and dangerous.

[PII] the head of the tenants association, has a call into Kirk Johnson to speak positively about our efforts. I also told Charlie to circle Speaker Silver into the mix so he can acknowledge the role he played in achieving positive results.

The print media is the way to go.

Please let me know if you concur.

Bob
