Bob,

Nadler is next Friday - tentatively. Don't know for sure on D/M and funding. I am awaiting their funding priorities and whatever is not on the list is not going to get funded. I have provided the Mayor's Office with a list of all pending requests, so it is up to them now to sort it out.

Brad- I will push our friends at EPA. When is your meeting with Nadler? (I thought you kept good company). Also, Walter suggested that the D/M doesn't want the DOE carpet removal initiative funded. I suggest that he communicates that to DOH. As discussed, they have written a strong letter of support (Kelly McKinney).

Jane, Pls. Re-schedule our meeting for Thursday to next Wednesday 2/26 11am if possible. This will enable EPA to give us a complete up-date on the meeting with the contractors this coming Monday 2/24. They can also be positioned to have a comprehensive report on the cancellations for whole buildings and individual residents. Pls transmit this e-mail to Kathy and Walter. Also, send Mike and Krish a copy. We should cancel my meeting with Greg Carmichael. We are in crunch time with respect to bringing the Clean-Up project to conclusion. Thanks.
