Subject: Air Quality

It is time to reconvene our air quality working group! Please join us March 20, at 9 am, at City Hall, to review the report, the design, and finalize some logistics.

Please let me know if you will attend. I look forward to hearing from you.

Thanks very much.

Subject: Statement from Jane Kenny on WTC

We decided to go a very short statement afterall:

Statement by
Jane M. Kenny, Regional Administrator
U.S. Environmental Protection Agency
March 12, 2003

EPA's downtown cleanup program covers people's homes. Firehouses are run by the city and it is most appropriate for the city to work with the Fire Department on this issue.

Subject: Re: The Project

bob, i truly appreciate your thoughtful note. we all have worked hard and long and under tremendous pressures, including from ourselves to do the best we could for the city of new york, and we have accomplished much. our interactions were professional and brought us to the "cutting edge" in many ways! too many, it felt like, i am sure. i am proud our two agencies were able to work together effectively, especially in an area of such unknowns and sensitivity. we are almost at the finish line. when we cross it, let's take a deep sigh of relief together.
 regards, kathy

Kathy- We are near completion. I consider your partnership and friendship worth the price we had to pay through out this "experience". Please know you and your staff have my respect and support.
 Sincerely,. Bob
