Subject: Response to Senator Clinton

Hi Mary,

As per our conversation last week at City Hall, I am following up with respect to EPA's response to Senator Clinton's letter of August 13 to Administrator Whitman and Mayor Bloomberg.

I know you indicated that you folks were in the process of preparing a response and needless to say with projects moving along it seems imperative that such a response be given high priority.

Thanks,

Bob

I told Kathy that you were inquiring about the letter, and I know she was working on it at that time. I don't think it's finalized yet, but I will try and find out the most recent status.
