I will attend along with David Ippolito, one of my managers who has been intensely involved in our WTC Exposure Assessment effort & has participated in the interagency meetings & calls on this topic throughout the response. When I am not able to attend he will be my representative. Thank you for the opportunity to participate.

Mayor Bloomberg has directed OEM to convene a Lower Manhattan Air Quality Task Force.

The initial meeting of the Task Force is set for tomorrow - Wednesday, 13 March at 2:30 pm in the Queens Room on the 2nd floor at 100 Gold Street.

This meeting will cover general topics regarding current efforts downtown and is intended to be inclusive of agencies that have a role to play. We will be compiling information regarding what activities each agency is involved with. Please plan to attend or send a knowledgeable representative.
