Subject: RE: Lower Manhattan Task Force Meeting

Good morning, Mark-

The City has made a submission to FEMA re cleaning the exteriors of a group of buildings downtown, and I was told that the buildings group could use input from Landmarks re cleaning certain historic buildings - has anyone contacted you about this? If you can come to the meeting today, hear the update, and see how you might be helpful, that would be great. DEP is meeting with FEMA tomorrow to discuss contracts for getting the cleaning work underway.

Otherwise, the agenda will consist of status reports on the City's various efforts, the EPA press release, and the use of Ultra-low Sulfur Diesel.
 See you later,
 Lee
