Personally, I think these are useful updates for all of us, what about an alternate option of meeting once every two weeks or three weeks???

To All Memebers of the LMAQTF;

I would like to thank the members of the Task Force for all of your
efforts
and hard work over the past few months.

With the majority of the funding having been requested and the course of
action generally agreed upon, there is no longer a necessity to keep the
OEM

Task Force consitituted as an entity with regular meetings.

With DEP and EPA taking the lead on the clean-up, DOH looking at the
health
aspects, and a Lower Manhattan communications plan nearing completion,
we
have accomplished our objectives.

As you know the meeting for today was cancelled and there will be no
future
meetings of the OEM Task Force.

Of course, OEM is always available to assist you so please feel free to

contact me at any time.

Again, I would like to thank you for your hard work and dedication.

With appreciation,

S. Benson
