Subject: FOIL Requests

Kathy,

FYI - If EPA should get a foil request from any individual, the following three entries should not be released:

1. NY Stock Exchange
2. Bovis on behalf of the Millinium Hotel
3. Capital Properties

These exemptions are based on a review of documents by our Law Department. This pertains to those documents supplied by building owner's to DEP regarding cleanup activities at their properties, and which we shared with EPA.

Thanks,

Mike
