Subject: Air Quality Task Force - Public Confidence Working Group

Tomorrow we will be holding the first meeting of the public confidence working group at 2PM at 100 Gold Street, 2nd Floor in the Manhattan Conference Room. You - or someone from your agency - has been designated as a participant. If you aren't the right person for this group, please make sure that someone else from your agency can attend. And, if there is someone that I have left off the invite list that you think should be invited, please bring them along! This is obviously still in formation, and we want to ensure that all relevant agencies participate in this important effort.

We will be developing our agenda and timetable for building public confidence. Please come prepared to think about the most important steps we can take to build public confidence in Lower Manhattan's environmental safety, and the timetable for achieving these goals.

See you then,
 Laurel
