Bob - Just called your office on this. At Jim Miller's suggestion (he is going to be on vacation), I wanted to see if you could come to either or both of these meetings to talk about DEP's air quality effort. Let me know!

Thanks so much,

Laurel

Subject: Meeting with Residents of Lower Manhattan

Dear Mr. Ryan,

On June 11, 2002 the United States Environmental Protection Agency met with representatives from communities in lower Manhattan to discuss issues related to the World Trade Center cleanup effort. In the course of the conversation, as a side note, the community members expressed concern over pollution from mobile sources. Specifically, they were concerned with pollution emanating from idling buses, trucks, and construction equipment in the area.

The EPA agreed to schedule a small informal meeting with representatives from the Air Programs Branch and Public Outreach Branch to answer health related questions. In order to answer questions relating to air issues in the city, the EPA is inviting representatives of the New York State Department of Environmental Conservation and the New York City Department of Environmental Protection.

Such a meeting would be scheduled for late August to ensure that representatives from all agencies would have time to prepare adequately. Please respond to this message to let me know if either you or a representative from your office would be able to attend such a meeting and, if so, please provide availability information to assist in scheduling.

Best Regards,

Ben Barry
 Community Involvement Coordinator
 Public Outreach Branch
 United States Environmental Protection Agency

Bob - Just wanted to be clear that the Senator is in DC until Saturday, so this meeting will be with Kara Hughes our top NYS policy person and myself. Is that ok? Karen

Karen,

As per our conversation this AM, its very important that we schedule a meeting ASAP (Senator Clinton, Chris Ward, you and myself) to bring closure to the Lower Manhattan cleanup/testing issues. The way this is presented is extremely sensitive with much at stake. We have an opportunity to collectively bring back legitimate confidence to the people in the area. Unfortunately, if mishandled, it could result in a nightmare driven by misguided perception issues by those less responsible.

Please advise.

Thanks,

Bob

With respect to your e-mail to Dan Muller below concerning the Lower Manhattan Communications contract, please touch base with Mark Hoffer who is addressing this issue with all parties including the Deputy Mayor's office.

Thanks

Has there been any decision made on how DEP can undertake the management of the EDC-procured contract?
