 Subject: PowerPoint with overview of the Asbestos Mapping Application

Lee - My team and I are working on developing an asbestos-related database and web application to support the needs of the Buildings-Parks-Data Committee of the Lower Manhattan Air Quality Task Force.

Our team has created a web site that we've called the "Asbestos Mapping Application". It is only available for Citynet users at the present time and in the interest of letting other folks who don't have Citynet access (e.g. EPA) to see it, I've compiled the attached PowerPoint presentation.

Since I don't have the e-mail addresses of all of the participants in the Lower Manhattan Air Quality Task Force, would you mind forwarding the attachment to the group.

Please call with any questions or comments.

Thanks, Jim
